

THE UNIVERSITY OF BRITISH COLUMBIA
Faculty of Dentistry

STEWARDSHIP REPORT

PREPARED FOR DR. GURMINDER S TATRA, DMD 2003

Over the course of the past 17 years, your support and partnership with UBC Dentistry has been instrumental in supporting one of our key goals – to enhance the student experience. As an alumnus, you are not only an important part of our history, but also significant to our future. Your generosity communicates your deep belief in making higher education accessible to outstanding students.

The Gurminder Singh Tatra Bursary has been one of the cornerstone bursaries that provide crucial financial assistance to our promising dental students. The reality of tuition, clinical and living expenses is significant and many of our students find it overwhelming. Our Faculty continues to advocate for increased government assistance to support our school and leverage opportunities for our students.

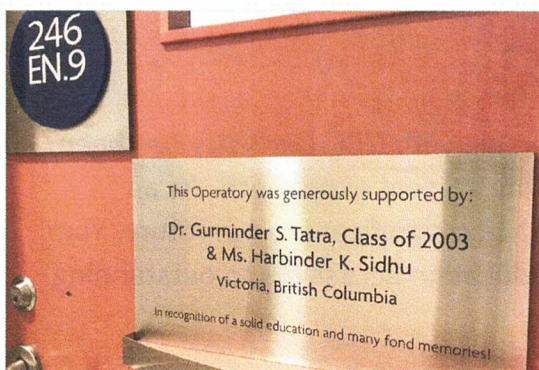

At a University level, President Santa Ono has brought forward one of the largest student support campaigns in UBC's history – a goal to raise \$200M by 2022 as part of the Blue & Gold Campaign for Students. As part of this challenge, UBC Dentistry will continue to work with our dental community to further enhance and develop our student support.

In your support of transformative learning, the dedication to name two enclosed operatories within the Nobel Biocare Oral Health Centre further reflects your commitment to dental education. It is hard to believe that the Centre will be moving into its 14th year since opening in 2006. The clinic still remains as a showcase facility that mirrors our student and faculty pride. Your support is an investment in talent, which ultimately broadens everyone's education at UBC Dentistry.

Dr. Tatra, we are pleased to share this short overview summary of your giving and its current status on the following pages. The day to day investment you have made through your gifts is significant. Thank you again for your partnership and contributions to our students at UBC Dentistry.

DONATION SUMMARY

Dr. Gurminder S Tatra Named Enclosed Operatory

Your family named enclosed operatories EN.7 and EN.9 are utilized daily within clinic rotation and not only impacted the learning opportunities for our dental students but also the patient experience within the Nobel Biocare Oral Health Centre.

Each provide a welcoming and state-of-the-art setting that allow our students practice in a true clinical setting. As you know, the building of the new Clinic was a monumental undertaking by the Faculty in over \$19.5M lease hold improvements to outfit the facility.

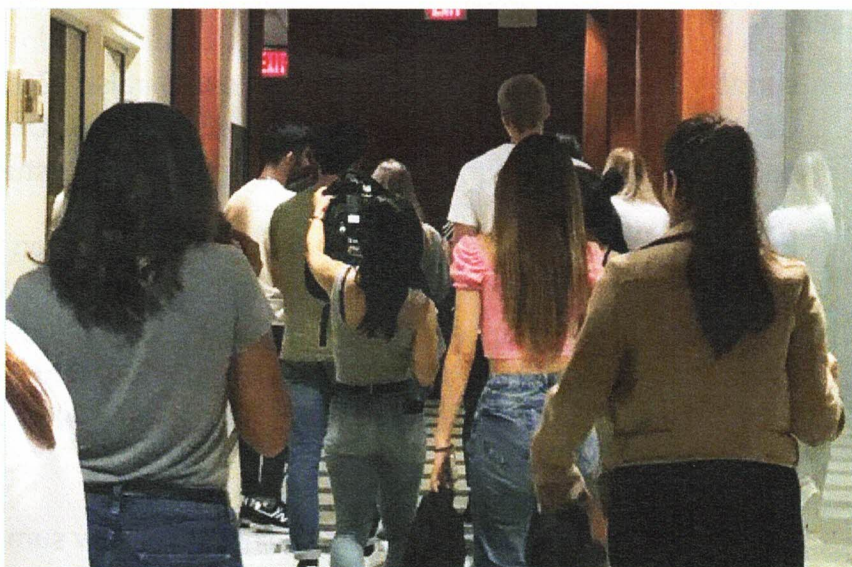

With your gift, you have assisted in both the funding demands of the Clinic as well as part of the important legacy.

Operatories at Rm 244 En. 7 & Rm 246 En 9

Pledge Amount	\$100,000

\$414.66 monthly payment commitment to be completed by January 2022	

Gurminder Singh Tatra Bursary

Thank you for your longstanding commitment. With your gifts, you are providing students with the opportunity to obtain a dental education without incurring some of the financial hardships that often accompany earning a degree. Our student recipients understand and appreciate how their experience at UBC Dentistry is enhanced by your bursary gifts. Your kindness touches their lives in many ways and hopefully inspire them to touch the lives of others in the future.

Total Amount Donated: \$55,058.00
Current Monthly Recurring Gift: \$166.67
